

THE VOICE OF THE PEOPLE.
THE LANGUAGE OF CONGRESS.

This packet contains messages from verified constituents in your district.

These individuals registered their opinions on specific bills through **POPVOX.com, an online, nonpartisan, transparent and free platform for advocacy.** The comments are public, searchable, and sortable by Congressional district at www.popvox.com/congress.

To help you process these messages, we have listed the information as follows:

1. Bill number
2. Position (support or oppose)
3. Referring organization, if applicable
4. Constituent's full name
5. Constituent's address
6. Constituent's message

We are delivering these messages by hand instead of electronically to ensure receipt. Your webform currently prevents the reliable submission of constituent messages from third parties. **If there is a better way for us to deliver these messages, please let us know!** Contact Josh, our CTO, at congress@popvox.com or at (516) 458-9919.

We will soon be publishing a list of Congressional offices where users may experience a delay in message delivery. To that end, we are asking offices to provide us with an alternate message delivery option as soon as possible. This could be as simple as a dedicated email address to facilitate delivery and processing of your constituents' messages from POPVOX. Our goal is to provide you with constituent communications that are verified from your district in the most useful possible way.

Connect with your constituents on POPVOX!

We would also like offer your verified constituents using POPVOX the opportunity to:

- ✓ Subscribe to your e-newsletter
- ✓ Request to be contacted for your next telephone town hall or in-district meeting
- ✓ View your Member's press releases and statements on specific bills

These tools are available at no cost, and we're happy to provide you with a quick demo.

About POPVOX

For Congressional staffers, POPVOX is a one-stop shop for bill-specific data, including support/opposition analysis, constituent comments and advocacy group positions, to help you make vote recommendations. To learn more, visit www.popvox.com/congress or contact POPVOX at info@popvox.com or 731-267-7545.
